You can find details about changes to our rates and fees and when they will apply on our [Policy Updates Page](#). You can also view these changes by clicking 'Legal' at the bottom of any web-page and then selecting 'Policy Updates'.

**Domestic:** A transaction occurring when both the sender and receiver are registered with or identified by PayPal as residents of the same market.

**International:** A transaction occurring when the sender and receiver are registered with or identified by PayPal as residents of different markets. Certain markets are grouped together when calculating international transaction rates. For a listing of our groupings, please access our [Market/Region Grouping Table](#).

**Market Code Table:** We may refer to two-letter market codes throughout our fee pages. For a complete listing of PayPal market codes, please access our [Market Code Table](#).

## Selling with PayPal

When you buy or sell goods or services, make any other commercial type of transaction, send or receive a charity donation or receive a payment when you “request money” using PayPal, we call that a “commercial transaction”.

For the listings of selling rates, please visit our [PayPal Merchant Fees Page](#).

## Currency Conversions

For information about how we convert currency, please see the [user agreement](#).

The [transaction exchange rate](#) used for your currency conversion includes a fee applied and retained by us on a [base exchange rate](#) to form the rate applicable to your conversion.

### Conversions in all cases

## Withdrawals Out of PayPal

You can typically withdraw funds out of PayPal by standard withdrawals to your linked bank account or eligible cards. A currency conversion (and [currency conversion fees](#)) may also apply. For withdrawals to cards, fees are based on the card currency in accordance with the information that PayPal has at the time of the withdrawal (including your selection of the currency, where available). The withdrawal fees are deducted from your remaining balance in your PayPal account. The maximum amount you will be able to withdraw from your balance takes into consideration the deduction of the Withdrawal Fees from the remaining balance. If the fee is not in the same currency as your PayPal account balance from which you withdraw the funds, a currency conversion will be made, and you will additionally be charged Currency Conversion Fees as set out in the [Currency Conversion](#) section.

*Note: For additional listings of withdrawal rates out of business accounts, please visit our [PayPal Merchant Fees Page](#).*
